Session participation, liability and other important information

Sport, specifically kayaking, windsurfing and stand up paddleboarding (SUP), carries with it a degree of risk to both people and property, even if enjoyed under proper supervision by qualified instructors. It is also a strenuous activity that requires those taking part to have a reasonable standard of swimming and fitness. All participants must therefore make us aware of any medical conditions, previous injuries, illnesses or allergies they may have and any medication they are taking, at the time of booking. It is the responsibility of the participant with a medical condition (including pregnancy) to check with his or her doctor to find out if kayaking/windsurfing/paddle boarding is within their physical and or mental parameters.

All participants must in no circumstances be under the influence of any alcohol, drugs or medication at the time of the lesson which may adversely affect their abilities.

All participants must agree to abide to all instructions and decisions that Weymouth Watersports & Fitness Club and its instructors make in order to secure the safety and comfort of all participants. Participants will have the use of Weymouth Watersports & Fitness Club's equipment during their lessons. Whereas Weymouth Watersports & Fitness Club takes all reasonable measures to ensure the safety and good condition of that equipment, participants are responsible for immediately reporting any damage caused to the equipment or which becomes apparent whilst the equipment is in their possession.

Weymouth Watersports & Fitness Club does not seek to limit or exclude any liability for personal injury or loss of life which may occur as a result of its own negligence or that of its employees, officers or agents. However, Weymouth Watersports & Fitness Club assumes no liability in respect of any personal injury, loss, damage, consequential loss or third party claims which occur through no fault of its own, its employees, officers or agents.
